Message

I am delighted that the Webinar on **Coronavirus Protective Physiochemical Science and Technology Using Survismeter** is being organized by School of Chemical Sciences, Central University of Gujarat (CUG) in collaboration with Gujarat Council on Science and Technology, Department of Science and Technology, Government of Gujarat on July 02, 2020. The theme **VOCAL FOR LOCAL** is of great relevance in promoting Made-in-India and thus making a self-sufficient and self-reliant India.

Finding solutions for social needs is the need of the hour and I congratulate **Mr. Shreevar Kheruka**, Managing Director, Borosil Limited, Mumbai for commercializing and promoting the Eco-friendly Survismeter, which has versatile applications in the field of research and industries like lubricants, water treatment, detergents, paints, petroleum, pharmaceuticals etc. His presence will be a source of inspiration to the faculty and research scholars participating in the Webinar. I compliment **Prof. Rama Shanker Dubey**, Hon'ble Vice Chancellor for his patronage and congratulate **Prof. Man Singh**, Convenor of this Webinar and his team for promoting the **VOCAL FOR LOCAL** campaign.

I believe that the Webinar will offer an excellent opportunity to understand the importance of industry–institute interaction. I am confident that this webinar will provide the right platform to explore many more University–Industry Joint Ventures. Indeed, the future of development lies in research and its application through transfer of laboratory research to industry. I am happy that this Webinar is a step in that direction. I hope all the stakeholders will make good use of this endeavour.

I wish the Webinar a grand success.

Prof. D. P. Singh
Chairman, UGC
