- The Select File.

Annexure

Operational guidelines for movement of Laborers, Students, Split Families, Pilgrims and Tourists

Permissions and Process

1. DM or an officer designated by DM shall issue passes for movement for each district. **Each pass so issued shall be valid for beginning journey within two days from the date of issue of pass.**
2. A new service for issuance of passes will be available on Digital Gujarat Portal – pass for inter-state movement – on which all persons desirous of moving from Gujarat to any other place in India shall apply.
3. To begin with, stranded students, business travelers, pilgrims and tourists will be allowed to go with their own vehicles after obtaining necessary passes while migrant laborers and workman will be allowed to move in groups in consultation with receiving states in orderly and planned manner. Respective District Magistrates, guided by the Nodal Officers of respective states shall prepare a schedule for giving passes to laborers of such states and daily numbers of such passes to ensure smooth and seamless flow.
4. Every district, guided by the nodal officers for different states, will prepare movement plan for laborers and workers from other states. Districts will prepare state wise list of laborers who want to move out.
5. An application on Digital Gujarat portal will be prepared for digitally collecting information to augment efforts of district administration. Workers/Laborers desiring to move out (personally or with help from others) shall apply on Digital Gujarat Portal clearly indicating their names, identity type, identity number, contact number, names of persons in the group, originating taluka and district in Gujarat, destination state and district. Districts shall compile this information which will be consolidated destination state wise by state nodal officers and shared with their counterparts. The applicant shall be allowed to upload list of passengers in pdf format. While boarding the bus, social distancing norms shall have to be followed all along the journey.
6. State nodal officers shall plan with their counterparts from other states for date wise movement along with kind of transportation if the other state is willing to provide. If other state is willing to hire buses of GSRTC or from local transporters then respective state nodal officers shall facilitate that.
7. For districts with larger migrant worker base, it would be desirable to prepare dedicated movement slots of specific days for each state. However, during such slots, movement to other states for those with personal light transport vehicle shall continue.
8. Transportation will have to be arranged by the person or group of persons desiring to move out. Else, if the receiving state wants to hire transportation they will be free to do after movement plan has been prepared for each district and consolidated by respective state nodal officer for such state.
9. Local authorities will facilitate bus owners in disinfecting buses which are used to move persons from respective districts.

Medical Checkup Before Permission To Move Out Or For Those Coming In From Outside

1. DM shall set up multiple facilities at district headquarter, at PHC, CHC and other places, in **adequate numbers**, which shall screen all persons moving in or desiring to move out for symptoms for Covid-19. Such persons shall be given a date marked certificate for being symptoms free and only such persons who do not exhibit any symptoms shall be given permission to move out. **This certificate will be an assessment of symptoms and since Covid -19 symptoms develop anywhere from 2-10 days post exposure, this certificate will not specify that person is covid-19 free but will only convey that on such date person is symptoms free.** Such notice shall be put in the certificate to be given. Such certificate shall have a validity for three days only during which such person will have to begin his journey, else he will have to obtain another certificate. If any person is found to have symptoms then standard Health Department guidelines for quarantine etc. shall apply.
2. **District Magistrates shall publicize the arrangements for medical screening so made along with location information so that there is no inconvenience caused on account of medical screening.**
3. Likewise those coming in to district shall be screened for symptoms. Accordingly, district shall use above facility for screening of such persons. If anyone is found symptomatic then such persons shall have to necessarily undergo quarantine of 14 days at public quarantine facility. **Those without symptoms shall be given certificate of symptoms free whereupon they will be allowed entry in village and ward areas.** Superintendent of Police, Municipal Chief Officers, Municipal Commissioners, Gram Panchayat Sarpanch shall set up a mechanism to monitor and report on persons coming in from outside. District Magistrates shall issue necessary notification to implement above arrangement.
4. The person moving out, while in transit, shall carry such certificate on his person whereupon he shall be allowed unhindered movement on state roads. Such certificate of being symptom free shall be valid only for a period of two days from the date of issue. If the person does not begin his journey during this period of two days then such person will have to obtain a new certificate.
5. At district borders, police check post will do a quick screening of persons travelling in vehicles other than personal or light commercial vehicles. If anyone found without certificate of being symptom free then such person will be de-boarded and put up at shelter place till his medical screening is done.
6. Those moving in personal vehicles or in light commercial vehicles need not carry certificate of being symptoms free for moving out from Gujarat up to our borders. However, those coming in shall be necessarily screened upon arrival in respective district places.
7. Those persons coming in to Gujarat shall be entered in to Digital Gujarat portal by the police at border check posts. Their destination districts shall be marked and District Magistrates shall have mechanism to monitor all persons headed to their district and to organize medical screening upon arrival.

These operational guidelines shall be followed by districts and state nodal officers while coordinating movement of laborers, workers, students, pilgrims, tourists, business travelers from other states. These shall remain in operation till further instructions.

These guidelines are in addition to and not in contravention of the guidelines issued by MHA from time to time, which shall prevail in case of any conflict between these instructions and those by MHA.
