**Last date for Registration: February 20, 2021**

## **ABOUT THE WORKSHOP**

The One-week Online workshop on 'Understanding India's National Security Challenges' is jointly organized by Centre for Security Studies, School of National Security Studies and Centre for Policy Research in Education, School of Education, Central University of Gujarat, Gandhinagar (Gujarat).

This one workshop is conceptualised to orient teachers from various disciplines to understand the nature and scope of India's myriad national security challenges in an increasingly interconnected and globalised world. As education plays an important role in nation-building, understanding the issues and challenges of national security by any educator/teacher would play a critical role in shaping students into responsible citizens aware of India's national security challenges. Through this workshop, participant teachers would be able to help their students in understanding the structure, process and multiple national security threats faced by India.

As responsible citizens, each and every student can take active role in creating a more secure environment at every level of our social and national life and make his/her contribution to the growth of our nation. With such background, this workshop is an effort to spread greater awareness among educators and the students (through their teachers) and the public at large as the videos will be shared using the University's Facebook page. Also, the organisers plan to publish the lectures delivered at the workshop as an edited volume.

---

## **OBJECTIVE OF THE WORKSHOP**

- To spread greater awareness about India's National Security challenges.
- To introduce the participants to the theoretical underpinnings and important debates surrounding national security.
- To familiarize the participants about the multiple dimensions and types of national security challenges faced by India.
- To orient the participants about challenges and their responsibilities as conscious citizens.

## **ABOUT CENTRAL UNIVERSITY OF GUJARAT**

The Central University of Gujarat was established by Parliament of India through the Central Universities Act (2009). It is fully funded by Ministry of Education, Government of India. Central University of Gujarat (CUG) considers its main objectives to be dissemination and advancement of knowledge creation and sharing.

The University is committed to make special provisions for integrated and interdisciplinary courses, to educate and train human resources for the country's development, to initiate appropriate measures for promoting innovation in teaching and learning and to pay special attention to improve the social and economic conditions and welfare of the people, especially pertaining to their intellectual, academic and cultural development. The motto of the University is to provide a Global Platform for knowledge and Employability to our Students along with Society and Industry Interface. The Hon'ble President of India is the Visitor of the Central University of Gujarat. Dr. Hasmukh Adhia is Hon'ble Chancellor and Prof. Rama Shanker Dubey is the Vice Chancellor of the Central University of Gujarat.

---

## **ABOUT THE SCHOOL OF NATIONAL SECURITY STUDIES**

The School of National Security Studies has been conceptualized to encourage creation of knowledge in the areas of security and strategic studies and international relations in the country. Initially, it was Centre for Security Studies which was established in 2009 as one of the founding centres under School of International Studies. Subsequently, in May 2018, with approval from the University Grants Commission, the School of National Security Studies came into existence. Currently, the School has three centres namely, Centre for Security Studies, Centre for Strategic Technology, and Centre for Maritime Security Studies. The School offers three academic programs M.A. in Defence and Strategic Studies, M.Phil in Security Studies and Ph.D in Security Studies.

The School has established a state-of-the art Geographic Information System (GIS) lab. It is a system/tool used for mapping and analyzing any activity that has relevance from a geographical point of view.

## **ABOUT THE SCHOOL OF EDUCATION**

The School of Education was established in 2017. It offers three academic programs - M.Ed., M.Phil. and Ph.D. programmes in Education. These programmes aim to equip students with the requisite academic and professional skills in Education and teacher education. The courses offered by School of Education aims at helping the students to explore the most challenging and exciting questions in educational research, policy, and practice and enable them to shape the future world with the transformative power of education. The school is committed to advancing diversity, equity, and inclusion across our curriculum, in our classrooms and in our campus. The School of Education is proud to announce that it was awarded prestigious funding under Pandit Madan Mohan Malviya National Mission on Teachers and Teaching (PMMMNTT) by the Department of Higher Education, Ministry of Human Resource Development, and Government of India in the academic year 2019-20. Under this scheme, the School has two Centres: Centre for Policy Research in Education, and Centre for Professional Development of Teacher Educators
