**Circular No. 16/AA-2021-22**

**Sub:** Observance of Guidelines for Externally Funded Research Project-reg.

**Ref.:** Approval of Hon'ble Vice Chancellor dated 25.06.2021.

It is brought to the notice of all Project Investigators that university guidelines for externally funded research projects are self-explanatory in nature. However, the university administration has been receiving requests which appear to have been formulated either without reading the guidelines or despite them. This defeats the entire purpose of having guidelines for any matter in general and externally funded research projects in particular.

This is for the information of the PIs that strict compliance to the university guidelines is a norm and exception will be made therein. All PIs should to go through the guidelines thoroughly for externally funded research projects and accordingly send any requests, if required.

This is issued with the approval of the Competent Authority.
