

7th International Conference

On

Opportunities and Challenges in Agriculture, Environmental & Biosciences for Global Development (OCAEBGD-2022)

Mode: Offline

Venue: Conference Hall, St. Joseph Vaz Spiritual Renewal Centre
Cruz Dos Milagres, Old Goa, Goa

29-31 October, 2022

Organized by

Don Bosco College of Agriculture,
Sulcorna, Quepem, Goa, Affiliated Goa University, Goa
(www.donboscocollegeofagriculture.com)

College of Horticulture and Forestry,
Central Agricultural University
Pasighat-Arunachal Pradesh
(www.chfcau.org.in)

In Association With

Biokart India Pvt. Ltd. Kasturi Nagar
East of NGEF, Bengaluru, Karnataka, India

KJ KRISHI JAGRAN

School of Environment and Sustainable
Development, Central University of Gujarat,
Gandhinagar, India (www.cug.ac.in)

Agro Environmental Development
Society (AEDS)
Majhra Ghat, Rampur, U.P, India
(www.aedsi.org)

For Further Details Contact

Dr. Chhatarpal Singh, Organizing Secretary : Calling & WhatsApp +91-6394082801
Md. Nadeem Akhtar, Executive Coordinator : Calling & WhatsApp +91-8789629238, +91-7856034611
E-mail: aedsindia2012@gmail.com

(Scientific Indexing Service, Google Scholar,
Advanced Science Index, **NAAS Rating: 4.15**)

Weather of Goa

Weather of Goa during the conference (Oct-Nov) will be very pleasant and enjoyable due to average day and night temperature range from 24-26 °C and 20-22°C, respectively.

About the Goa

Goa, a tiny state of India encompassing an area of 3702 sq km, has got its own privilege of being gifted with awesome beauty. Goa is situated on the west coast of India abutted by the Arabian Sea in the west and the Western Ghats in the east. After about four centuries of Portuguese rule, Goa got liberation on 19th December, 1961. The mother tongue of Goa is Konkani and is written in Roman as well as Devanagari scripts. There are more than 30 beaches and each of them has its own special features, like the dusk of Calangute beach, the stony beauty of the Anjuna beach, the fort of the Vagator beach, and the white sand beach of Palolem. The beaches of Morjim, Agonda, Galgibag are famous for turtles. The other famous beaches viz. Miramar, Odshela, Colva, Benaulim, Dona Paula etc. are also considered centers of attraction. The Dudhsagar waterfall sheltered in the south corner of Goa is known to magnetize tourists by throwing the milky white water from the great heights. The state also has serene temples of Mangeshi, Shantadurga, Tambdi Surla and many more. Agriculture is the main occupation of Goa followed by tourism, mining, fishing, and others. The state has crops like rice, mango, coconut, arecanut, cashew, kokum, sugarcane; vegetables like cowpea, chilli, brinjal, beans; flower crops like marigold, crossandra, jasmines, medicinal crops, spices and also forest crops. The livestock farming like piggery, poultry, duckery, dairy are owned by the people on both homestead and large scale. The 'Mankurad' popularly known as the 'Goa Mankur' is a local variety of mango, and is well known for its unique taste. Being the hot spot for cashew, it's no wonder that 'feni' (a fermented and distilled product from cashew apple) prepared by indigenous technology has been conferred Geographical indication status by the Government of India. Apart from these, mangroves, aquatic flora and fauna, conserved fauna (Salim Ali bird sanctuary, Bondla Wildlife sanctuary, Arlem forest arboretum) etc. are found in natural domain.

About The Don Bosco College of Agriculture-Sulcorna, Goa University, Goa

The Don Bosco College of Agriculture offers professional B. Sc. (Hons.) Agriculture degree. It is the first Agriculture college in the state established in 2015 to provide agricultural education in Goa. DBCA is a grant-in-aid institution approved by Govt. of Goa and affiliated with Goa University. DBCA has a mission to train youth and empower them to do the highest good to the Society in which they live. The college has qualified experienced teaching faculty. The college adopts V Dean's committee syllabus provided by Indian Council of Agricultural Research, Govt of India. Its campus has spread to over 110 acres of area comprising college building, laboratories, boys and girls' hostels, poly houses and experimental fields. The college has 10 departments actively involved in education, demonstrations, hands on training, community services and experimental activities. There is cultivation of horticultural, spice, vegetables and field crops. The college has dairy with indigenous cows providing A2 milk, goatery and poultry units, projects on composting, vermicomposting, apiary, seed production, organic farming, scientific research etc. The students are provided with many facilities, which include library, Wi-Fi connectivity, common rooms, canteen, study room etc. The college has collaborative projects with national and international organizations. The Rural Agricultural Work Experience (RAWE) program offered to final-year students aims to provide an opportunity to understand the rural situation in relation to agriculture and allied activities and also to transfer technology from the lab to land. The experiential learning program educates students to plan for the project, study its viability, undergo training and execute projects to earn while they learn. The placement cell of the college organizes campus interviews for

the recruitment of students in various organizations and also guides them for agripreneurship for self-employment and also to establish agro-industries.

About The College of Horticulture and Forestry, Central Agricultural University Pasighat-Arunachal Pradesh

College of Horticulture & Forestry, a constituent College of the Central Agricultural University, Imphal, Manipur, was established on 7th March 2001 at Pasighat, Arunachal Pradesh on the bank of beautiful river Siang. The campus is spread over in an area of 58 hectares which includes research farm, instructional cum demonstration farm, KVK farm, and experimental farm. The College has achieved remarkable progress in teaching, research and extension programmes since its inception. At present, the College has 11 departments to support academic, research and extension activities. The academic programmes are undergraduate degree in Horticulture and Forestry (B. Sc Hort. and B.Sc Forestry), Agriculture (B.Sc. Agril.), post-graduate degree in Horticulture (M.Sc Horticulture in Fruit Science and Vegetable Science), Forestry (M.Sc. Forestry) and Ph.D (Fruit Science & Vegetable Science) programme. The curriculum and syllabi of all degree programmes are updated, and implemented as per the ICAR-Vth Deans' Committee recommendation. The College has also one KVK to facilitate the transmission of latest technologies in field of Agriculture, Horticulture and allied disciplines to the farming community.

About The School of Environment and Sustainable Development, Central University of Gujarat, Gandhinagar, India

The School of Environment and Sustainable development is offering M.Phil. / Ph.D. programme since its inception in 2011. M.Sc. in Environmental Sciences was introduced during the academic year 2015-16 to support the basic research understanding in the field. Environmental Sciences is a multidisciplinary, interdisciplinary M.Sc. in Environmental Sciences covers ecology; ecosystem; biodiversity; natural resources; environment and energy; environmental pollution; pollution control technology; environmental monitoring and assessment; green technology; environmental laws and regulation; instrumentation and statistics; Industrial hygiene and safety; environmental toxicology; environmental biotechnology and nanotechnology; sustainable development and management. Central University of Gujarat (CUG) considers its main objectives to be dissemination and advancement of knowledge creation and sharing. The University is committed to make special provisions for integrated and interdisciplinary courses, to educate and train human resources for the country's development, to initiate appropriate measures for promoting innovation in teaching and learning and to pay special attention to improve the social and economic conditions and welfare of the people, especially pertaining to their intellectual, academic and cultural development. The University was ranked overall 60th in India and 2nd among all the Universities in Gujarat in NIRF 2016 rankings. According to NIRF 2017, the University ranked among the top 150 Universities in the country.

About the Agro Environment Development Society (AEDS)

The Agro Environmental Development Society (AEDS) is an Agricultural organization, registered under the society registration act 21, 1960 and the NITI Aayog Gov. of India. The prime objective of the organization is to promote the scientific awareness and sustainable development of agriculture, environment and biological sciences for the welfare of human beings. The society is also committed to explore the scientific development across the world and has taken initiative to provide a platform to the scientists, researcher, policy makers and scholars to solve and discuss various issues relating to agricultural and environmental development. AEDS had organized first international conference at Sam Higginbottom University of Agriculture, Technology and Sciences, Allahabad, Uttar Pradesh, India in association with Pondicherry Institute of Agricultural Sciences

(PIAS), Pondicherry and Centre for Environment & Agricultural Development (CEAD), Pondicherry on November 27-29, 2018 and became a great success with an impressive turnout of around 600 participants from all around the country along with the foreign delegates. The 2nd International Conference was held at Dr. Y.S. Parmar University of Horticulture and Forestry, Solan, Himachal Pradesh on September 27-29, 2019. On this occasion, nearly 800 participants (Scientists, Academicians, Industries Person and Students) were participated globally and discussed their views on the diverse field of Agriculture, Environment and Biological Sciences. The AEDS also conducted various International Conference via virtual mode in collaboration with National and International universities during the global pandemic of COVID-19. In the previous years, the society organized various 21 days National Training Course in collaboration with Central Sericultural Research & Training Institute (CSRTI), Mysore, National Bank for Agriculture and Rural Development (NABARD), Rajmata Vijayaraje Scindia Krishi Vishwa Vidyalaya, Gwalior (Madhya Pradesh), College of Horticulture and Forestry, Central Agricultural University Pasighat-Arunachal Pradesh and Sher-e-Kashmir University of Agricultural Sciences and Technology of Jammu. The most commendable International Conference has been organized recently by the AEDS in joint collaboration with Department & Directorate of Extension Education Uttar Banga Krishi Vishwa vidyalaya, Pundibari, West Bengal, ICAR- National Agricultural Higher Education Project (NAHEP) at Kalimpong Science Centre, Deolo, Darjeeling, W.B. Further more, the Society continuously working for the welfare of rural and land less community of the country and also making people aware for sustainable and profitable agriculture.

About the International Conference

The Impact of climate change affect farmers' ability to grow the food we all need. Increasingly volatile weather and more extreme events-like floods and droughts-change growing seasons, limit the availability of water, allow weeds, pests and fungi to thrive, and can reduce crop productivity. Sustainable development is a fundamental principle for meeting human development goals while at the same time sustaining the ability of natural systems to provide the natural resources and ecosystem services upon which the economy and society depend. The challenges associated with environmental sustainability make it essential to bring together the disciplines of the agricultural, environmental and biological sciences to address the today's environmental challenges for sustainable development. This conference will also bring out the significance of the biological science and forests for sustainable development and food security as forests support sustainable agriculture by stabilizing soils and climate, regulating water flow, providing shade and shelter and providing a habitat for pollinators and natural predators of agricultural pests and when integrated judiciously into agricultural all and scapes, trees can increase agricultural productivity. The broad scope of sustainable development suggests that virtually any social, economic or environmental process or challenge amenable to scientific understanding may potentially be relevant. Emergence, meanwhile, could signify the novelty or intensification of some of those issues, fresh understanding of their causes or consequences, the development of new management options, or the identification of issues that have gone previously unrecognized. Therefore, the present international conference "Opportunities and Challenges in Agriculture, Environmental & Biosciences for Global Development (OCAEBGD-2022)" provides a forum to discuss such emerging issues and advances in the areas of agriculture, environment and biological science to promote the sustainable development of our society. The international conference will be a best amalgamation of eminent scientists, researchers, scholars, and students who will share the latest developments in the relevant fields to promote the sustainable development.

About the Agro Environment Development Society (AEDS)

The Agro Environmental Development Society (AEDS) is a scientific and research organization, registered under the society registration act 21, 1960 and the NITI Aayog Gov. of India. The prime objective of the organization is to promote the scientific awareness and sustainable development of agriculture, environment and biological sciences

for the welfare of human beings. The society is also committed to explore the scientific development across the world and has taken initiative to provide a platform to the scientists, researcher, policy makers and scholars to solve and discuss various issues relating to agricultural and environmental development. AEDS had organized first international conference at Sam Higginbottom University of Agriculture, Technology and Sciences, Allahabad, Uttar Pradesh, India in association with Pondicherry Institute of Agricultural Sciences (PIAS), Pondicherry and Centre for Environment & Agricultural Development (CEAD), Pondicherry on November 27-29, 2018 and became a great success with an impressive turnout of around 600 participants from all around the country along with the foreign delegates. The 2nd International Conference was held at Dr. Y.S. Parmar University of Horticulture and Forestry, Solan, Himachal Pradesh on September 27-29, 2019. On this occasion, nearly 800 participants (Scientists, Academicians, Industries Person and Students) were participated globally and discussed their views on the diverse field of Agriculture, Environment and Biological Sciences. The AEDS also conducted various International Conference via virtual mode in collaboration with National and International universities during the global pandemic of COVID-19. In the previous years, the society organized various 21 days National Training Course in collaboration with Central Sericultural Research & Training Institute (CSRTI), Mysore, National Bank for Agriculture and Rural Development (NABARD), Rajmata Vijayaraje Scindia Krishi Vishwa Vidyalaya, Gwalior (Madhya Pradesh), College of Horticulture and Forestry, Central Agricultural University Pasighat-Arunachal Pradesh and Sher-e-Kashmir University of Agricultural Sciences and Technology of Jammu. The AEDS is continuously working for the welfare of rural and land less community of the country and also making people aware for sustainable agriculture.

Themes and Subthemes of the Conference:

1. Recent Advances in Agriculture and Allied Sciences

- Agriculture Resource Management: Frontier aspects in agricultural waste management for environmental sustainability
- Livelihood security in agriculture and allied sectors
- Sustainable development through sericulture
- Opportunities of entrepreneurship in horticulture and allied fields
- Advances in animal husbandry and allied fields
- Livelihood security with dairy farming
- Emerging employment in fisheries sector for sustainable development
- Current approaches in animal husbandry for increasing livelihood security
- Climate smart agriculture systems: Transforming food systems under a changing climate'
- Sustainable rural livelihood systems and doubling farmers income through the innovative strategies
- Horticulture as growth engine of farming sector and recent advances in horticulture and allied sciences
- Crop production technology and precision agriculture
- Soil health management and conservation of natural resources
- Integrated management of nutrient with special emphasis to micronutrient
- Eco-friendly management of conventional and newly emerging plant disease and insect pests
- Applied aspects of soil and agricultural microbiology
- Recent advances in dairy, food Science and technology

- Business and marketing in the agricultural sector for increasing livelihood
- Agriculture engineering, soil and water conservation, and food processing
- Recent advances in fisheries and allied sciences
- Emerging and applied aspect of plant and animal sciences in developmental biology
- Application of biotechnology, bioinformatics, enzymology, gene mapping, genetic engineering, molecular and cellular biology, for the development of science and technology
- Importance of medicinal and aromatic plants in the pharmaceutical sector
- Bioresources and technologies used for biofuel production
- Applied aspects of microbiology in food, medical, industrial, agricultural and environmental development
- Microbial ecology and diversity in different habitats
- Cultivation of useful microbes for agro-environmental sustainability

2. Natural Resource Management and Sustainable Hill farming for Livelihood Security

- Sustainable hill farming for livelihood security
- Management of land, water and human resources for sustainable agriculture, horticulture and forestry
- Climate change adaptation and mitigation strategies for hilly areas
- Diversification and integrated farming system for sustainability and their socio-economic implications
- Bio industrial waste and contaminated soils management and community participation
- Indigenous traditional knowledge

3. Emerging Issues in Environmental Management

- Frontier aspects in biotic and abiotic stress management
- Aquatic pollution due to industrial waste, problems and mitigation strategies
- Environmental development and biodiversity conservation
- Earth science, land use change, and management
- Advances in environmental microbiology and environmental engineering
- Climate change and its effect on environmental ecology and mitigation strategies
- Environmental chemistry, toxicology, health hazards and solution
- Environmental pollution and management
- Bioremediation of contaminated sites through innovative approaches
- Nanotechnology in water and wastewater treatment

4. Recent Advances in Biological and Allied Sciences

- Emerging and applied aspect of plant and animal sciences in developmental biology
- Application of biotechnology, bioinformatics, enzymology, gene mapping, genetic engineering, molecular and cellular biology, for the development of science and technology
- Importance of medicinal and aromatic plants in the pharmaceutical sector

- Bioresources and technologies used for biofuel production
- Applied aspects of microbiology in food, medical, industrial, agricultural and environmental development
- Microbial ecology and diversity in different habitats
- Cultivation of useful microbes for agro-environmental sustainability
- Applied aspects medical and pharmaceutical science in public healthcare
- Application of multidisciplinary knowledge in field of biomedical sciences

5. **Climate Resilient Agriculture**

- Ecosystem based approaches for climate change adaptation, ecosystem services, integrated farming system models and Land degradation neutrality
- Emerging approaches for biotic and abiotic stress management through big data analytics, precision farming, remote sensing, drone technology, AI, ML, Nanotechnology, modeling
- Sustainable soil management, conservation agriculture, organic farming, INM, soil-microorganisms-plant interactions
- Resilience through land and water management interventions, water management and governance

6. **Recent Trends in Pharmaceutical and Applied Sciences for Sustainable Development**

- Role of pharmaceutical science in drug design and development
- Role of industries in the development of pharmaceutical science
- Pharmaceutical manufacturing technology and engineering
- Biopharmaceutics, pharmacokinetics and metabolism
- Application of ancient knowledge of drugs in form of active constituents in field of pharmacy
- Synthesis and biological screening of synthetic compounds and natural products for discovery of new drug
- Application of intellectual property rights (IPR) in science and technology
- Frontier aspects in computational biology for metagenomics analysis
- Advances in materials science, engineering, and technology
- Applied aspects in pharmacy, chemistry, physics, statistics and nano-science and nano-technology
- Innovative approaches in computer science, mechanical, and electrical engineering
- Role of the computer in the development of bioinformatics and biotechnology

Award and Honors

Interested candidates are requested to submit their details and updated CV or duly filled award application (download from society website at www.aedsi.org) to claim the respective awards (listed below) through e-mail to aedsindia2012@gmail.com on or before October 12th, 2022. Society contribution for life members INR-4500/- & lifetime membership fee for Non-Members INR-5500/- will be paid by NEFT/Net Banking/ Mobile banking/Online/banking app, Phone pay, Google pay etc. in favor of “Agro Environmental Development Society” payable at Saifni (State Bank of India, Account No. 37836254237, IFSC Code: SBIN0018205). Key contact for award confirmation: aedsindia2012@gmail.com Mob: +91-6394082801.

Society Awards

| | | |
|---|---|--|
| Life Time Achievement Award | Eminent Scientist award | Distinguished Scientist Award |
| Outstanding Achievement Award | Excellence in Extension Scientist Award | Excellence in Teaching Award |
| Outstanding/Best M.Sc./MVSc/ MHSc/M.Tech./ Ph.D. Thesis Award | Best Research Scholar Award | Best Academician Award |
| Young Scientist Award | Young KVK Scientist Award | Best KVK Scientist Award |
| Scientist of the Year Award | Young Agriculture Engineer Award | Young Biotechnologist Award |
| Young Woman Scientist Award | Scientist Associate Award | Excellence of Research Award |
| Best Fisheries Scientist Award | Best Teacher Award | Young Woman Fisheries Scientist Award |
| Young Plant Pathologist Award | Young Microbiologist Award | Young Agriculturist Award |
| Young Horticulturist Award | Young Scientist Award in Forestry | Young Scientist Award in Biological Science |
| Young Professional Award | Young Scientist Award in Agrometeorology | Young Entomologist Award |
| Young Scientist Award in Plant Pathology | Young Scientist Award in Agriculture Science | Young Scientist Award in Animal Husbandry |
| Young Scientist Award in Fisheries Sciences | Young Scientist Award in Plant Science | Young Scientist Award in Animal Science |
| Young Scientist Award in Agriculture Extension | Young Scientist Award in Agriculture Research | Best Farmer Award |
| Young Scientist Award in Food Science | Young Scientist Award Floriculture | Young Scientist Award in Soil Science and Agricultural Chemistry |
| Young Scientist Award in Vegetable Science | Young Scientist Award in Fruit Science | Young Scientist Award in Home Science |
| Young Scientist Award in Biotechnology | Young Scientist Award in Floriculture | Young Scientist Award in Agronomy |
| Young Scientist Award in Extension Education | Young Scientist Award in Animal Husbandry | Young Scientist Award in Veterinary Research |
| Best Scientist Award | Best Scientist Award in Plant Pathology | Young Environmental Scientist Award |
| Young Scientist Award in Chemistry | Best Scientist Award in Veterinary Research | Young Scientist Award in Life Science |
| Best Scientist Award in Agricultural Statistics | Best Scientist Award in Agronomy | Best Scientist Award in Agricultural Science |
| Best Scientist Award in Horticulture | Best Scientist Award in Pomology | Best Scientist Award in Forestry |
| Best Scientist Award in Soil Science | Best Scientist Award in Plant Breeding and Genetics | Best Scientist Award in Seed Science |
| Best Scientist Award in Crop Physiology | Best Scientist Award in Plant Protection | Best Scientist Award in Entomology |
| Best Scientist Award in Agriculture Economics | Best Scientist Award in Food Science and Technology | Best Scientist Award in Land and Water Management |

AEDS-2022 Special Award: Prof. K.C. Mehta Memorial Award (In the field of Plant Pathology)

Award Application Form

| | | | | |

| Note: Applicants are requested to send a MS Word file of duly filled and signed award application form at aedsindia2012@gmail.com (MS Word file of award application form may download from the website: www.aedsi.org) | | | | |

Call for Abstracts/Full-Length Papers

Participants are invited to submit abstracts on their original and unpublished research work (maximum 300 words & 06 keywords) that should be written in Times New Roman font, double line spacing with 12 font size using Microsoft word. Corresponding authors must be highlighted by asterisk (*) with complete mailing address. Authors are also requested to submit their own research work in the form of research and review papers on the diverse field of agricultural, environmental and biological sciences, not exceeding 4500 words for publishing in the International Journal. Papers/abstract to be submitted online along with registration form and fee details at aedsindia2012@gmail.com

International Journal of Agricultural Sciences (ISSN: 0973-130X)

(Indexed in Scientific Indexing Service, Google Scholar, Advanced Science Index, **NAAS Rating: 4.73**)

International Journal of Plant Sciences (ISSN: 0973-1547)

(Indexed in Scientific Indexing Service, Google Scholar, Advanced Science Index, **NAAS Rating: 4.15**)

Publication Fee Details

| Name of Journal/ Publisher | NAAS Rating | Full length Paper Publishing Charges (INR) |
|---|-------------|--|
| International Journal of Agricultural Sciences (ISSN: 0973-130X) (Indexed in Scientific Indexing Service, Google Scholar, Advanced Science Index, NAAS Rating: 4.73) *Paper should be sent in a proper format (Download sample paper via: http://researchjournal.co.in/IJAS.htm | 4.73 | 3500 |
| International Journal of Plant Sciences (ISSN: 0973-1547) (Indexed in Scientific Indexing Service, Google Scholar, Advanced Science Index, NAAS Rating: 4.15) *Paper should be sent in a proper format (Download sample paper via: http://researchjournal.co.in/IJAS.htm | 4.15 | 3000 |

Note:TA & DA facilities will not be borne by the Centre or AEDS Society and no Abstract/Full length paper will be published without registration in the conference souvenir, Journal and edited book.

Conference Session

The conference session covering all the themes and subthemes will be supported by the Invited Talk, Lead Talk, Oral Presentation and Poster Presentation by eminent and leading scientists, Teaching Faculties, Research Scholars and students from India and abroad on the relevant topics of the International Conference through physical/virtual mode.

Poster Presentation

All the participants are requested to prepare their posters that should not exceed the dimension 1.3×1.0 m (length \times width) and furnished with the title, Authors Name, Affiliation, Introduction, Material and Methods, Results and Discussion and Conclusion. Clear pictures, diagrams, graphs and short tables are highly encouraged to use in posters to win the Best Poster prize in each thematic area.

Conference Registration Fee

| Categories | Indian Participants/SAARC Countries (INR) | | Others Participants (USD) | |
|--|---|----------------------|---------------------------|----------------------|
| | Before the Due Date | On Spot Registration | Before the Due Date | On Spot Registration |
| Students (Diploma, UG & PG) | 4000 | 4500 | 350 | 370 |
| Ph.D. Scholar, JRF& SRF, Young Professionals | 4500 | 5000 | 380 | 400 |
| Delegates/Scientist/Faculties/ Teachers RA, PDF & Others | 6000 | 6500 | 570 | 650 |
| Accompanying Person (Spouses/Guests) | 4000 | 4500 | 300 | 350 |

***Note:** Conference Registration/Accommodation/Publication/Society Contribution Fee is Non-Refundable/Non-Transferable and registration fee covers only hospitality and conference kit; it does not include accommodation charges. Conference fee will be paid by NEFT/Net Banking/ Mobile banking/Online/banking app, Phone pay, Google pay etc. For further queries and assistance, please contact to Organizing Secretary, Dr. Chhatarpal Singh, E-mail: aedsindia2012@gmail.com, Mob: +91-6394082801.

Accommodation

Accommodation for all the participants will be arranged near the conference venue on prior request and pre-payment basis or participants may arrange their own accommodation themselves. No spot accommodation facility will be provided by the accommodation/conference committee at the time of conference. Kindly confirm your accommodation **on or before October 15th, 2022**.

| Accommodation Categories | Pay/Day (Individuals Non-Sharing) (INR) | Pay/Day (Double Sharing) (INR) |
|--------------------------|---|--------------------------------|
| Normal Guest House | 2000 | 1500 |
| Deluxe Guest House | 2500 | 2000 |
| Dormitory | 1000 (Per Person) | 1000 (Per Person) |

***Note:** Accommodation will be done only after receipt of advance payment through NEFT/Net Banking/ Mobile banking/Online/banking app, Phone pay, Google pay etc.

Mode of Payment & Account

| Last Date of Full-Length Paper Submission | 15 th October, 2022 |
| Last Date of Accommodation Confirmation | 15 th October, 2022 |

Conference Committee

Chief Patron

Dr. Pradip V. Sarmokadam, Member Secretary, Goa State Biodiversity Board, Saligao, Goa, India

Patrons

Dr. Swarup Kumar Chakrabarti, Hon'ble Vice-Chancellor, Uttar Banga Krishi Vishwavidyalaya, Pundibari, West Bengal, India

Prof. Satish Kumar Garg, Hon'ble Vice Chancellor, Rajasthan University of Veterinary and Animal Sciences, Bikaner, Rajasthan, India

Co-Patrons

Dr. B. N. Hazarika, Dean, College of Horticulture and Forestry, Central Agricultural University
Pasighat, Arunachal Pradesh, India

Prof. Prabhat Kumar Pal, Director of Extension Education, UBKV, West Bengal, India

Dr. Shinji MIYAMOTO, DBGS, Okayama University of Science, Okayama, Japan

Dr. Sudhir Singh Bhadauria, Nodal Officer, Agribusiness Incubation Centre, Rajmata Vijayaraje Scindia Krishi
Vishwa Vidyalaya, Gwalior, India

Vikram Subramanian, Director & CEO, Biokart India Pvt Ltd, Bangalore, India

Ankita Kumari, Managing Director, Biokart India Pvt Ltd, Bangalore, India

Organizing Chairman

Dr. Suresh Kunklikar, Principal, Don Bosco College of Agriculture, Sulcorna, Goa

Organizing Directors

Dr. HiranmaiYadav, Associate Professor, School of Environment and Sustainable Development, Central
University of Gujrat, Gujrat, India

Dr. Sanjay Kumar Jha, Associate Professor, Central Dept. of Botany, Tribhuvan University, Kathmandu, Nepal

Dr. Jay Shankar Singh, Faculty Dept. of Microbiology, BBA University, Lucknow

Dr. Vikas Sharma Associate Professor & President SKUAST-TAJ, Jammu

Organizing Secretary

Dr. Chhatarpal Singh, President, AEDS, Rampur, U.P., India

Convener

Dr. Gourish Karanjalker, Assistant Professor and Head, Dept of Horticulture, Don Bosco College of
Agriculture, Sulcorna, Goa

Executive Coordinator

Md. Nadeem Akhtar, Scientist, BAU, Sabour, Bhagalpur, Bihar

Joint Organizing Secretary

Dr. Rachana Kolambkar, Assistant Professor and Head, Dept of Agricultural Economics, Don Bosco College
of Agriculture, Sulcorna, Goa

Executive Convener

Dr. Nilay Kumar, Assistant Professor, College of Horticulture & Forestry, Central Agricultural University,
Pasighat, Arunachal Pradesh

Organizing Coordinators

Dr. Amit Singh Charak, Sr. Scientist, KVK, Doda, SKUAST, Jammu, Jammu & Kashmir

Dr. G N Jha, KVK, Doda, SKUAST, Jammu, Jammu & Kashmir

Dr. Manjunatha B S, Scientist (Agricultural Microbiology)ICAR-NINFET, Kolkata

Dr. Nitin Madan Changade, Associate Professor & Head Lovely Professional University, Punjab.

Dr. Meraj Ahmed, Lovely Professional University, Punjab

Dr. V. J. Vasanthi, Prof. Plant Pathology, Pondicherry Institute of Agricultural Sciences Puducherry

Dr. Manish Dwivedi, Assistant Professor, Amity University, Lucknow

Dr. Abhay K Pandey,Scientist C, Tea Research Institute, Jalpaiguri, West Bengal, India

Dr. Israr Ahmad, Senior Scientist ICAR-Central Institute for Subtropical Horticulture (CISH), Lucknow
